

**Golden Palace is the Belgian market leader with 40 Gaming Halls in Belgium. Being the first 100% Belgian and 100% legal operator with a B+ licence since April 1 2012, the Golden Palace Group expanded their offering with a legal and licensed online website, offering casino-games & sports betting to its players. In order to support the growth and development of our online business in the territory, we are currently looking for a bilingual:**

## **Projects team lead**

### **About the job:**

Golden Palace is a Belgian leading group in the entertainment and gaming industry. In order to support the growth and development of our online business in the territory, we are currently looking for a Digital Project Officer.

### **Responsibilities**

- Manage the biggest digital projects of the company. In collaboration with functional analyst, internal stakeholders and developers, you will define the project scope, feasibility and ensure the quality of the deliverables.
- Create a detailed project plan and ensure that the projects are delivered on time, within scope and budget.
- Manage a team of 2 people: a junior project manager and a functional analyst.
- Day-to-day follow up. Ensure that all the tasks are done on time according to the projects scope
- Main contact point on the status of the projects.
- Manage external suppliers
- Validate and accept deliverables, feedback and acceptance.

### **Requirements:**

- Bachelor or master degree
- Experience as Senior Project Manager with big projects management
- Good understanding of the digital constrains (technical and e-marketing). Able to understand and apply processes
- Excellent organizational skills and deadlines oriented
- Excellent communication in English and French.

### **About the compensation package:**

- A fulltime unlimited contract
- An exciting and various job in a young and dynamical team
- An attractive and competitive wage package, with several benefits according to the function (group insurance, hospitalization insurance...)
